LUU employs a Chief Executive, Aidan Grills, who works closely with the Student Executive Officers and Trustee Board to ensure effective governance and management of the organisation. The Chief Executive is head of a Senior Leadership Team made up of Hannah Brian (Deputy Chief Executive Student Engagement), Sue Stones (Deputy Chief Executive Operations), Keith Ross (Director of Finance & Risk), Jasper Hegarty-Ditton (Director of Digital and Communications) and Antonia Frezza (Director of People and Culture).

Trustees' Report

The Board of Trustees, who act as Directors for the purposes of Company Law, present their Annual Report for the year ended 31st July 2019 which includes the administrative information set out on page 2, Strategic Report and Directors Report for Companies Act 2006 purposes, and the audited accounts for the year.

Structure, governance and management

The primary aim of LUU is the advancement of education of students at The University of Leeds for the public benefit.

The governance of LUU is documented in its Articles of Association and its Bye-laws, which can be found on the LUU website (www.luu.org.uk).

The Board of Trustees is responsible for the strategic direction, governance and sustainability of LUU. The Board is made up of six Student Executive Officers, four Student Trustees and four External Trustees. The Student Executive Officers are elected through a secret ballot by the members each year, normally serving for one year in office but can serve a second term if reelected. The four Student Trustees are recruited to the Board and are recommended to the Board by an appointments panel. The Student Trustees serve for a term of up to two years and a maximum of two terms as long as they remain registered students at the University of Leeds. The External Trustees are recruited to the Board to bring a wider perspective and skill set from outside of LUU. A term for External Trustees lasts for up to four years and they can also serve for two terms.

Upon appointment all trustees receive a variety of information through their induction. Trustees are briefed on their legal obligations and other trustee responsibilities. All trustees meet with the Chief Executive before their first meeting, and receive an induction information pack which includes their role responsibilities, historical and current information about LUU and information on its Strategic Plan. The trustee induction is framed around the principles of the NCVO Charity Governance Code.

Every year the Board of Trustees completes a skills audit, and new trustees also do this during induction. Trustees also take part in Peer Assessments periodically, in line with their term of appointment.

The Student Executive Officers are new to the Board every year, so they undergo a more intensive training period. This training starts after they are elected, and before they start their term of office to ensure that they are fully aware of their roles and responsibilities and can perform their duties to the best of their abilities as soon as possible. They attend training sessions on the history of governance at LUU, their legal responsibilities as trustees, briefing sessions on key issues and decisions that have been made by the Board of Trustees and receive training on how to deal with potential conflicts of interest.

The Board of Trustees is supported by five sub-committees, which meet three to four times a year and focus on certain key aspects of LUU's governance and management, which are:

The Audit & Risk Committee monitors LUU's risk profile, risk management, compliance with relevant legislation and other matters which could impact on LUU's future health. The

Annual Report and Accounts for the year ended 31st July 2019 Committee reviews and commissions internal audit work and scrutinises the annual accounts at a joint meeting with the Finance Committee.

The Finance Committee monitors LUU's financial performance, appraises requests for capital expenditure and reviews our commercial strategy. The Committee also reviews the annual budget and scrutinizes the annual accounts in a joint meeting with the Audit & Risk Committee.

The Human Resources & Remuneration Committee examines issues relating to LUU workforce including staff policies, changes to pay (and specifically that of the Chief Executive), training and development and volunteering.

The Appointments and Governance Committee is responsible for monitoring and continuous improvement in governance arrangements at LUU. The Committee ensures that new trustees are recruited, inducted and developed properly and it also has overall responsibility for recruiting the Chief Executive.

The Marketing and Development Committee examines our approach to marketing and communications, external partnerships and opportunities around fundraising for LUU activities.

LUU operates on democratic principles, with Policy being acted upon by the six Elected Trustees who form the Student Executive. During the year members have the opportunity to bring forward ideas to one of three Union Forums to help form Policy on issues which contribute to "Better Leeds", "Better University" or "Better Union". Forums are based on the principles of deliberative and direct democracy with policy being voted for approval by a randomly selected Student Panel of 16 students, and issues that are contentious, or don't have a majority vote, are referred to Referendum. The Student Panel is demographically representative of the Leeds University student body as outlined in LUU's Bye-Laws.

Governance Developments

In the last year LUU undertook to review the terms of reference of all the Committees which report directly to the Board of Trustees. This was response to best practice, lessons taken from the Governance Review undertaken in the previous year and renewing the responsibilities for monitoring and scrutiny in line with new Strategic Plan. The outcomes of this exercise were to repurpose the Human Resources & Remuneration Committee to be the People and Values Committee, and replace the Marketing and Development Committee with Engagement and Development Committee. These changes will expand the governance remit to include student engagement activity and expanding work around equality and diversity.

The Senior Leadership Team

The Chief Executive is supported by five permanent senior executive officers that together form the Senior Leadership Team (SLT). This team provides the strategic management of LUU, managing its operations, giving leadership to its staff and ensuring that the board and its subcommittees are kept fully informed on all aspects of the organisation and are regarded as being the key management personnel of the charity outside of the trustees. This team was expanded in the last year following natural turnover to include digital expertise to support the strategic vision in this area of operations.

Relationship with the University of Leeds

Under the Education Act 1994, the University of Leeds has a statutory duty to take such steps as are reasonably practicable to ensure that the Union operates in a fair and democratic manner and

Annual Report and Accounts for the year ended 31st July 2019

is held to proper account for its finances. LUU therefore works alongside the University of Leeds in ensuring that the affairs of the Union are properly conducted and that the educational and welfare needs of LUU's members are met. The formal relationship with the University is governed by a Code of Practice and LUU works closely with the University and its students to develop appropriate Bye-Laws for its working practices. The University of Leeds is not a related party as defined by the Charities FRS 102 Statement of Recommended Practice (SORP).

Aims, Objectives and Activities

The primary aim of LUU is the advancement of education of students at The University of Leeds for the public benefit. LUU achieves this through:

 promoting the interests and welfare of students at the University of Leeds during their course of study and representing, supporting and advising students;

 being the recognised representative channel between students and the University of Leeds and any other external bodies; and

 providing social, cultural, sporting and recreational activities and forums for discussions and debate for the personal development of students.

At all times the trustees of LUU have had regard to the Charity Commission guidance on public benefit.

Whilst pursuing our aims and objectives and providing various activities for its members LUU seeks at all times to:

- ensure that the diversity of its membership is recognised and that equal access is available to all members of whatever origin or orientation;
- pursue its aims and objectives independent of any political party or religious group; and
- pursue equal opportunities by taking positive action within the law to facilitate participation of groups discriminated against by society.

LUU provides a variety of services and activities for students including:

- Advice Centre we continue to provide a specialist service to our members in the areas
 of housing, money and academic issues. We have supported many students with
 complex needs such as domestic violence and mental ill-health with partners in the
 University and the city. The process for monitoring enquiries to our Advice service has
 been changed this year in line with a new delivery structure, leading to a total of 7,501
 enquires to our Advice team, up on the previous year (6,964). The team have embedded
 a new service model using the LUU foyer, and created an integrated information and
 advisory service, which has resulted in a lower number of enquiries being escalated to
 casework level as more enquiries can be resolved on-the-day.
- Activities a choice of 330 clubs and societies offer a diversity of opportunities for social and skills development. 30,721 students registered to join an LUU club or society during the year, up from 27,270 last year. We run a "Give it a Go" programme that provides taster sessions to give students an insight into the range of activities available to them, as well as trips to many locations in the UK. We also support student-led volunteering, facilitating a wide variety of community volunteering opportunities. The Student Activities team is made up of staff and students, and also provides support, advice and help with the safe running of activities especially around health and safety, recruitment, communication, delivery and finance including fundraising and development.

Annual Report and Accounts for the year ended 31st July 2019

- Joblink –we continued to provide part-time work for students and delivered an
 employability programme that provided guidance to several thousand students. Over the
 year we paid £1,089K in wages to students through our Joblink agency, well up on the
 previous year (£818k).
- Community Engagement our team continue to manage and develop a range of community-based initiatives including: Housing fairs, Rooted growing project and Leave Leeds Tidy recycling. Partners in this work include other HE and FE institutions in Leeds, Unipol Student Homes and Leeds City Council.
- Campaigning and Representation we continue to support students in campaigning for change on campus and in the city. We continued our support for school and course reps with new recruitment and training initiatives, and developed partnership working with the University. The number of students voting in the LeadLUU this year was 6,948, a reduction of 8% compared to the previous year, equivalent to 21% of the total student population. Our candidate diversity increased this year, with an International student running in every category.
- Bars and Venues a choice of five bars/cafes are open during the day and evening: Terrace, Old Bar, Common Ground, Pyramid and Balcony Café all with catering and non-alcoholic beverages. Our night time licensed venue, Stylus, provides popular late night entertainment with regular live music.
- Events this team provide the live music and DJ's for our venues, working with external promoters to host events in our venues. We also stage the Fresher's events and Leeds Ball on the site of the University campus, which attracts over 6,000 students.
- Shops operated by LUU are Co-op (convenience store operated under a franchise agreement with Co-op replacing our own Essentials grocery store), Gear (University branded clothing) and Salad Box (cold healthy take away food). An additional store, the Union shop opened just after the end of the year selling stationery and cards. Operated through a tenancy arrangement are Bayfields (Opticians), Wok & Go (hot take away food), Humpit (healthy take away food), Pamper Me (beautician/hairdresser), Proper Pasty Company (hot take away food), Bubble Tea (Asian drinks) and Santander (bank).
- Fundraising LUU does not undertake fundraising from the public and does not use
 professional fundraisers. As such no complaints procedures or further policies in this
 area are considered necessary. It does hold some events for its students that are
 designed to raise funds to support the student service activities undertaken by LUU,
 notably the Leeds Ball held in June each year.

Strategic Report

Achievements and Performance

In September 2018 we launched a new 4-year Strategy, 2018-2022. This Strategy is focused towards our organisation vision 'Together we'll make sure you love your time at Leeds', and is based around achieving three core, measurable Strategic Impacts for students:

- You are ready for your future
- You are happy, feeling good and having fun
- You are a valued member of LUU

Activity within the plan is distributed across 9 operational Missions which encompass all areas of LUU activity. Year 1 of the Strategy has been focused around creating the structure to support project implementation in further years. This has included a research-focus in some areas, and organisational restructure in others.

Annual Report and Accounts for the year ended 31st July 2019

The Strategic Impacts and key successes during the year were as follows:

Strategic Impact	Successes				
You are ready for your future Measures: - Student staff and volunteer insight: I am learning and developing in LUU Student insight: LUU is effectively representing my academic interests Take up of learning & volunteering opportunities Number of student jobs created by LUU You are happy, feeling good and having fun Measures: - Happiness/Positive Mental Health indicator Club and society membership Attendances/ tickets for student programmes Attendances/ tickets for general events	 Successful pilots of our academic support model for students on placements or year abroad Development of the new 'rolling recruitment' method for weekly-paid roles and the implementation of the StaffSavvy rota management system Successful pilot rollout of our Learning Management System for volunteers 				
You are a valued member of LUU Measures: -	 Launch of a Co-op franchise outlet, replacing the 'Essentials' store, and developing a working model in collaboration with the Co-op Initial scoping of digital service strategy linked to membership data Development and implementation of our net promoter score collection, giving us much richer insight into our services 				

Quality Management

LUU uses a number of external tools for quality assurance which link to the priorities and risks laid out in our strategic plan. In 2018, LUU was the first students' union to be re-accredited under the Quality Students' Unions (QSU) standard and was proud to have achieved the "Excellent" level in all of the 12 areas of organisational performance. LUU was also successful in achieving accreditation under the Alcohol Impact scheme for the first time, and the NUS Green Impact Award and the national Best Bar None scheme (both at the top level of performance).

Financial Review

This year LUU has reported a surplus of £2k, compared to a deficit of £310k in the previous year. Income was boosted by an increase in the block grant from the University of Leeds from £2.5m per annum to £3.1m per annum. LUU also received an allocation of £260k from the University's strategic development fund for student education to support specific work around postgraduate

Annual Report and Accounts for the year ended 31st July 2019 research student representation, international student engagement and student attainment, opportunities and well-being. This funding has allowed the creation of the Student Programmes department to further LUU's strategic goals. The funding is being recognised as it is spent and of this year's allocation, £100k has been carried forward to fund additional work in 2019-20.

LUU appoints internal auditors, RSM, who conducted three continuous audits during the year, which focused on testing key controls around cash and stock. Our internal Audit Working Group continues to oversee the implementation of the key recommendations from the audit reports. Our Balance Sheet remains strong with total net assets of £3.9m, the same as last year, and a cash balance of £3.2m (£2.6m in 2018). The cash balance comprises £2.3m of LUU cash and £0.8m of cash held on behalf of student clubs and societies. Our unrestricted funds stood at £3.9m with a further £14k of restricted funds. Our general reserve is £845k.

The free reserves of the charity are the unrestricted reserves less those funds designated for future projects and the fixed asset reserve. Our target for free reserves is a range with the low point based on the lowest cash balance over the year and the high point equivalent to one year's variable income. This year the range is between £333k and £697k (2018: £568k to £736k). Our free reserves of £845k (2018: £947k) are therefore comfortably above the high end of the target range as they were last year. We expect that the free reserves will reduce further in 2019-20, but will still be close to the top of the target range.

Risk Management and Control

In the last year the strategic risk register of LUU was updated in order to support the objectives of the new strategic plan. Operational risks are managed at a team level with mitigations controlled through operational planning. The key risks faced by the charity revolve around its reputation with both the University of Leeds and our student members. The University is a significant funder of the charity and we work in partnership with the University to deliver ever improving services for the students. The relationship is maintained by developing close working relationships with senior members of the University team by our trustees, particularly the elected student executive, and by the Senior Leadership Team. To meet our aims, the students need to be well represented and supported by LUU. We invest in representation and democracy teams to ensure that engagement with student is effective and any potential risk in this area is mitigated.

The Union also faces on-going financial and control risks which are mitigated through a robust budget management process, comprehensive data protection policies supported by training. LUU also invests in internal audit services supported by thorough follow-up on proposed actions by senior managers and monitored via the Audit and Risk Committee. An ongoing risk is the ability to maintain adequate levels of capital investment to support student expectations and the commercial income streams required to fund our student opportunities.

Future Plans

Going into year 2 of the 2018-2022 Strategy we expect to pilot a range of new initiatives based on the research gathered in year 1. The year will also be shaped by the new Student Executive priorities and new investment includes aligning the support they need to our ongoing strategic aims. A number of highlights in our next year include the following:

- Upgrading our digital presence, and transforming our approach to student engagement across the range of our student-facing services
- Consolidating partnership work with the University of Leeds and national charity Student Minds in the area of student wellbeing

Annual Report and Accounts for the year ended 31st July 2019

- Expanding work with targeted student groups including the growing cohort of international students at Leeds
- Forward thinking in terms of capital investment to our building and risks to future commercial performance
- Building academic engagement via physical presence in identified faculties
- Extending support for volunteer student leaders through our learning and development systems

Custodian Activities - Clubs and Societies and RAG

LUU acts as custodian for funds raised by the students' many clubs and societies and these funds are separately identified in the accounts. £2.6m was handled by LUU during the year with a balance of £770k remaining at the end of the year. This includes the annual RAG proceeds from fundraising events that are distributed to its intended charities. The RAG proceeds came to £71k in the year and £20k was held at the end of the year.

Trustees' statement

The Trustees who held office at the date of approval of this Trustees' report confirm that, so far as they are each aware, there is no relevant audit information of which the charitable company's auditor is unaware; and each Trustee has taken all the steps that they ought to have taken as a Trustee to make themselves aware of any relevant audit information and to establish that the charitable company's auditor is aware of that information.

We wish to thank all staff at LUU for their continued commitment and hard work to make this another successful year at LUU.

Auditor

In accordance with section 487 of the Companies Act 2006, a resolution for the reappointment of Saffery Champness LLP as auditor of the company is to be proposed at the forthcoming Annual General Meeting.

This Trustees' report (comprising the Strategic Report and the Directors Report) was approved by the Trustees and signed on their behalf.

Lauren Huxley

Chair

Annabel Tonge Advisory Trustee

Leeds University Union University Square Leeds LS2 9JZ

Annual Report and Accounts for the year ended 31st July 2019

Statement of trustees' responsibilities

The trustees (who are also directors of Leeds University Union for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware
 of any relevant audit information and to establish that the auditor is aware of that
 information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the reparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Leeds University Union Independent auditor's report to the members

Opinion

We have audited the financial statements of Leeds University Union for the year ended 31 July 2019 which comprise statement of financial activities, balance sheet, statement of cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the charitable company's state of affairs as at 31 July 2019 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

Annual Report and Accounts for the year ended 31st July 2019 with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' Annual Report which includes the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Trustees' Annual Report which includes the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' Annual Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns;
 or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 10, the trustees (who are also directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditors under the Companies Act 2006 and report in accordance with that Act.

Annual Report and Accounts for the year ended 31st July 2019

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members and the trustees, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company, the charitable company's members and trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Cash and cash equivalents at the end of the year		3,159,999	2,555,123

The notes on pages 17 to 28 form part of these financial statements.

Notes to the Accounts

1 Accounting Policies

The Union's Articles of governance require the Trustees to prepare accounts for each financial year. The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial information.

(a) Accounting Convention

The company is limited by guarantee and has no share capital. It is registered as a charity under the Charities Act 2011 (registered charity number 1136742).

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (effective 1 January 2015) – (charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. In considering whether or not there are any material uncertainties about the company's ability to continue as a going concern, the Trustees have taken account of several key points:

- The signing of a new 15 year lease last year with the University of Leeds, which ensures continuing occupation of the LUU building at the heart of the campus over the long term
- The upgraded spaces in the LUU building as a result of the extensive building refurbishment that was completed in 2017
- The level of free reserves at the end of the year, which remain at a satisfactory level that is in excess of the reserves policy
- The agreement with the University of Leeds for an increased grant for the period 2018 to 2022 which protects the Union's main source of income into the future.

After carefully consideration of the above, the Trustees have concluded that there are no material uncertainties about the company's ability to continue as a going concern.

(b) Incoming Resources

All income and capital resources are recognised in the accounts when it is probable that they will be received. Income is deferred only when the company has to fulfill conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future period. Grant income is recognised in the year for which the award is made against the activity it is attributable to. The element of grant that has been received in advance has been treated as deferred income in line with the above policy. Rental income is recognised on a receivable basis. Investment income comprises interest received on cash balances. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually upon cash receipt at the point of sale. Revenue is measured at the fair value of the consideration received, excluding discounts and VAT.

Notes to the Accounts

1 Accounting Policies continued

(c) Resources Expended

Charitable expenditure comprises the direct and indirect costs of delivering the public benefit. It is accounted for on an accruals basis and is recognised when the liability is incurred. Overhead costs are apportioned to activities on a basis consistent with the use of the resources. Expenditure includes irrecoverable VAT. Governance costs include those costs incurred in defining the strategic direction of the charity in particular constitutional and statutory requirements. General support costs associated with the central functions of finance, IT and human resources have been allocated across the departments on a basis consistent with the use of those resources.

(d) Cash on hand and cash equivalents

Cash, for the purposes of the cash flow statement, comprises cash in hand and deposits repayable less overdrafts payable on demand. This includes cash held on behalf of LUU's clubs and societies and the RAG society.

(e) Fixed Assets and Depreciation

Expenditure on individual capital items or groups of related items costing less than £1,000 are written off to the income and expenditure account in the year in which they occurred. Depreciation is provided to write off the cost less the estimated residual value of tangible fixed assets by equal installments over their estimated useful economic lives as follows:

Leasehold buildings15 yearsLeasehold Improvements10 yearsFixtures, Fittings and other equipment5 yearsComputers and other IT equipment4 years

Expenditure directly related to the build of new web sites is capitalised as an intangible asset. This includes the cost of third party suppliers and the cost of LUU staff working closely with the third party suppliers. Amortisation is charged to the profit and loss on a straight line basis over the useful lives of the intangible assets. Intangible assets are amortised from the date they are available for use. These assets are amortised over four years.

The company reviews the amortisation period and method when events and circumstances indicate that the useful life may have changed since the last reporting date. Intangible assets are tested for impairment in accordance with Section 27 Impairment of assets where there is an indication that an intangible asset may be impaired.

The building is leased from the University over a 15 year period, commencing on 16 September 2016.

(f) Leases

Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Notes to the Accounts

1 Accounting Policies continued

(g) Pension Costs

LUU participates in the University of Leeds Pensions and Assurance Scheme providing benefits based on final pensionable pay. The Union is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis and, therefore accounts for the scheme as if it were a defined contribution scheme. LUU also participates in two defined contribution schemes. The amount charged to the income statement represents the contributions payable to the schemes in respect of the accounting year.

(h) Stock

Stock is valued at the lower of cost and net realisable value.

(i) Debtors

Trade and other debtors are recognised at the settlement amount due. Prepayments are valued at the amounts prepaid.

(j) Creditors

Creditors are recognised where the Company has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured reliably. Creditors are recognised at their settlement amount.

(k) Financial instruments

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are recognized at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

(I) Fund Accounting

LUU administers and accounts for a number of charitable funds as follows:

- Unrestricted funds are those representing unspent income which may be used for any activity at the Trustees own discretion.
- Designated funds are those set aside by the Trustees to be spent on some specific purpose but remain at the discretion of the Trustees. The designation has an administrative purpose only and does not legally restrict the Trustees' discretion to apply the fund.
- Restricted funds are those received from a donor to be used for activities prescribed by the donor.

Leeds University Union Annual Report and Accounts for the year ended 31st July 2019 Notes to the Accounts

1 Accounting Policies continued

(m) Tax

LUU is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes. No tax charge has arisen in the year.

(n) Clubs and Society funds

LUU acts as custodian for the student clubs and societies, processing payments, processing receipts and holding the balance of their funds on their behalf.

2 Surplus for the financial year

The surplus for the financial year as shown in the statement of financial activities is stated after charging:

	2019	2018

7 Staff Costs

	2019	2018
	£	£
Wages and salaries	5,595,109	5,232,395
National Insurance	329,952	302,735
Pensions	218,439	203,987
Total Costs	6,143,500	5,739,117
The average staffing was as follows:	2019	2018
Monthly salaried staff	165	162
Weekly paid student staff	329	355
	494	517

During our busiest week of the year, we employed 455 students on a weekly paid contract.

The total salary of the Senior Leadership Team (SLT) was £383,000 in the year (£325,000 in 2018). This year's total cost incorporates the first full year with the additional SLT role which was introduced during the previous year following a reorganisation that resulted in a net saving on management salaries across the organisation. The salary of the Chief Executive is determined by the Human Resources and Remuneration Committee with reference to market salary levels. The salaries of the remainder of SLT are determined by the Chief Executive again with reference to market salary levels.

Two employees were paid more than £60,000 in salary and one participates in the University of Leeds Pensions and Assurance Scheme.

Salary	Employees
£60,001 to £70,000	1
£90,001 to £100,000	1

Notes to the Accounts

8 Trustees Remuneration and Expenses

As well as having a role as a Trustee of LUU, the six Student Executive Officers perform a full time role for a year to be the voice of students. They listen to how students want things to be done, work with LUU staff, the Board of Trustees and partners to make it happen. They represent students to the University of Leeds, external organisations and the wider community.

Each of the Student Executive Officers was paid a salary of £19,596 during the year with a total cost to LUU of £127,231 (£125,541 in 2018) which includes national insurance and pension contributions. The level of salary is set out in their contract of employment.

Eight Trustees of the Board were reimbursed a total of £895 (£1,344 in 2018) for personal travel and subsistence expenses in performing their role as a Trustee.

Net Current Assets 844,955	13,877	858,832
3,906,028	13,877	3,919,905

Unrestricted funds are made up of the Fixed Assets Reserve of £3,061,073 and the balance remaining is the General Reserve of £844,955.

The Fixed Assets Reserve represents the balance of our fixed assets. The residual unrestricted funds represent the General Reserve of the charity.

The restricted funds are various small grants received to undertake specific projects such as helping our work in the Leeds community.

Notes to the Accounts

21 Pensions Costs

LUU has three separate pension arrangements. A defined benefit arrangement through the University of Leeds Pension and Assurance Scheme (PAS), which is closed to new entrants. The People's Pension Scheme which is a defined contribution scheme managed by B&CE and provides flexibility for staff to make contributions with LUU matching them to a maximum of 6% of salary. The arrangement also provides a three times salary death in service benefit through a registered group life policy through UNUM. A third scheme, Nest, also a defined contribution scheme, has been used to auto enroll those staff eligible under the new legislation starting in November 2013.

For the defined contribution schemes the cost charge for the year represents contributions payable by the company to the schemes and amounted to £106,815 (2018: £77,091). Contributions amounting to £20,719 (2018: £14,540) were payable to the schemes and are included in creditors.

Members of staff who were already contributing into the PAS scheme were able to continue to do so. The assets of the scheme are held in separate trustee administered funds. PAS is a defined benefit scheme externally funded and valued by an actuary every three years. The rates of contribution payable are decided by the pension trustees based on the advice of the actuaries.

The results of the triennial valuation as at 31 March 2017 showed that there was a surplus of £31.0m, equivalent to a funding level of 107%. The employer contribution rate was 16%, with the employee contribution rate at 7.5%. The University continues to pay the annual PPF levy and the cost of any ill health early retirement benefit enhancements.

The assets of the PAS scheme are not separable and therefore the proportion of any surplus or deficit arising in the scheme cannot be attributed to members employed by the Union (either past or present). The Union accounts for the scheme as if it were a defined contribution scheme.

Employer contributions to these schemes are charged to the Income and Expenditure Account in the year in which they are paid and are included within the disclosure of individual activities in these accounts.

22 Related Party Transactions

One of the external trustee board members who served during the year, Andrew Digwood, is also a partner at Rollits LLP, a firm of solicitors used by LUU from time to time for advice on libel matters. A total of £3,600.00 was paid to the firm during the year.
